

Fashion that works...

Just because it's in fashion doesn't make it right for you! That's the theme of a special fundraising event for Greta Valley School, being held at the Scargill Hall on Friday, 16 October commencing 7pm.

Qualified colours and personal image consultant Debbie Albrecht, of Colours Plus at Sally Mac's of Amberley, will be providing some expert guidance on how to avoid those 'fashion accidents' that end up in the wardrobe, but never worn.

Instead, Debbie will show how the right colours can help you to look much younger and discuss how to use style and line to enhance your look. Through the evening you will see model transformations.

This is an event organised by Friends of Greta Valley School to help raise money for both human resources and educational materials/sports equipment.

Wine and nibbles available on the night. Tickets \$25 from Sally Mac's, or from Pip Foster on Ph. 03 314 3831
